

A Mini-Course on Computational Fluid Dynamics

A mini course: Fundamentals of Computational Fluid & Thermal Engineering : Introduction

Prof. Ching-Long Lin

2017 - 12 - 19 (Tue.)

09:00 - 10:00

308, Mathematics Research Center Building (ori. New Math. Bldg.)

What is computational fluid dynamics (CFD)? Direct numerical simulation (DNS), large-eddy simulation (LES), and Reynolds-Averaged Navier-Stokes equation (RANS)

CASTS

Center for Advanced Study in Theoretical Sciences, NTU
